OBJECTIVE

Motivated Computer Science undergraduate with a strong foundation in algorithms, data structures, and object-oriented programming, seeking to apply problem-solving and software development skills in a challenging internship or entry-level role. Quick learner with hands-on project experience in C++, Python, and web development, eager to contribute to real-world engineering teams.

EDUCATION

Thebes Higher Institute — Cairo, Egypt

Expected 2027

Bachelor of Science in Computer Science

- Relevant Coursework: Algorithms, Data Structures, Object-Oriented Programming (OOP), Software Engineering, Database Management Systems

TECHNICAL SKILLS

Languages: C++, Python, JavaScript, HTML, SQL

Frameworks & Stacks: MEAN Stack (MongoDB, Express.js, Angular, Node.js)

Developer Tools: VS Code, Git, GitHub, LaTeX

Core Concepts: Logic Design, Problem Solving, Computer Architecture

PROJECTS

Software Development Project

2026

C++, Git

- Developed and implemented core algorithmic logic in C++ to solve computational problems efficiently.
- Managed the codebase using Git and GitHub, applying version control best practices to track changes and streamline collaboration.

Web Foundation Project

2025

HTML

- Designed and structured responsive web pages with clean layout and semantic HTML for improved accessibility.
- Applied core UI/UX principles to enhance user interaction and navigation flow.

CERTIFICATIONS & TRAINING

MEAN-Stack Web Development — NTI (National Telecommunication Institute) & ITIDA

Jul - Aug 2026

- Completed a 120-hour intensive training program (90 technical + 30 freelancing hours) covering the MEAN stack (MongoDB, Express.js, Angular, Node.js), achieving a final score of 92.5%.

EXTRA-CURRICULAR ACTIVITIES

Student Member — Computer Science Department Activities

2025 – Present

Thebes Higher Institute

- Collaborate with peers on technical troubleshooting and explore emerging software development tracks.
- Participate in department activities that strengthen teamwork and technical communication skills.
